---

Earl,

As we discussed today, I plan to ask the Corps to do a review of the cap damaged area. The attached Harris County letter has some recommendations for this review, but I've also asked TCEQ & the POHA for their ideas as well. I hope to put the scope together for this review & discuss it with you by the end of next week. FYI, the PRPs field report should be in next week & I will forward to you. Also, the dive team report is being prepared now & should be available in 1 or 2 weeks – I will also send that to you.

Thanks,

Gary Miller
